# MESSAGE FROM THE MAYOR

I am pleased to present our first North Middlesex Community Guide.

In this guide, you will see the highlights of our community. We pride ourselves that North Middlesex is a thriving and inclusive community with lots to offer.

I'm looking forward to what 2024 has to bring to North Middlesex, specifically the first ever Mud Creek Bluegrass Festival and Ailsa Craig celebrating their 150th year! In this guide you will find events, volunteer opportunities and celebrations related to these significant community milestones. I want to personally thank our current volunteers for their endless support. Without all of you, none of these events would happen.

On behalf of my fellow councillors and municipal staff, I encourage you to see what North Middlesex has to offer!

Sincerely,  
Mayor Brian Ropp

The Municipality also purchases fire services under a fire protection agreement for an outlying area and is part of the Province of Ontario Mutual Aid plan.

# Children's Aid Society

## La Société d'aide à l'enfance

L O N D O N & M I D D L E S E X

### About CASLM

The Children's Aid Society of London and Middlesex (CASLM) is a non-profit organization for the protection and safety of children and youth. The agency was founded in 1893.

Our Mission: We promote the well-being of children/youth, families and communities. We protect and care for children/youth at risk.

### CASLM Mandate

There are 47 children's aid societies in Ontario that keep children safe, help parents build healthy families and provide safe and nurturing environments for children and youth who are unable to live at home because of family issues.

CASLM is mandated by the Child, Youth and Family Services Act to:

- Investigate allegations or evidence of abuse or neglect of children and youth who may be in need of protection
- Protect children and youth where necessary
- Provide guidance, counselling and other services to families to protect children and youth or to prevent the circumstances that would require child protection
- Provide care for children and youth assigned to our care
- Supervise children and youth assigned to our supervision
- Place children for adoption

### Protecting Children/Youth

CASLM must investigate complaints where children/youth are alleged to be "in need of protection" in accordance with section 37.2 of the Child, Youth and Family Services Act. The definition of a child/youth in need of protection focuses on acts or omissions of either a parent, guardian, or of a person who has charge of a child/youth and causes harm or creates a risk of harm to them. In January 2018, the age of protection in Ontario increased to include 16 and 17 year olds.

### Duty to Report & Reasonable Grounds

Early intervention and support for families at times of crisis is a significant contributor to reducing the incidence of abuse and neglect in families.

Section 72 of the Child, Youth and Family Services Act states that the public, including professionals who work with children, must promptly report any suspicions that a child/youth is or may be in need of protection to a Children's Aid Society.

Many people are reluctant to call the Children's Aid Society, either because they don't want to interfere in someone else's family, or they don't have proof that abuse is actually happening. A call to CASLM is the best way to help a family. "Reasonable grounds" are what an average person, given his or her training, background and experience, exercising normal and honest judgement, would suspect.

If a person has made a previous report about a child/youth, and has additional reasonable grounds to suspect that someone is or may be in need of protection, they must make this report directly to CASLM.

See: [caslondon.on.ca/services/report\\_a\\_concern](http://caslondon.on.ca/services/report_a_concern).

### Why call?

The effects of child abuse and neglect are lifelong, affecting future relationships, self-esteem and sadly putting even more children at risk of abuse as the cycle continues. A call to CASLM can help break the cycle. See numbers on back panel.

### CASLM Services

CASLM provides the following services to children, youth and their families in the community.

- Alternate Care: Kinship Care, Customary Care, Foster Care, Adoption and Independent Living
- Family Visiting Program
- Youth Response Unit
- Adoption Disclosure/Personal Information Request
- Duty to Report Presentations
- Services in English and French

### How to help?

- Fostering/adoption
- Making a donation
- Volunteering your time

# THE FARMER WELLNESS INITIATIVE

FREE, UNLIMITED COUNSELLING

FARMER  
WELLNESS  
INITIATIVE

Agriculture  
Wellness  
Ontario

[FARMERWELLNESSINITIATIVE.CA](http://FARMERWELLNESSINITIATIVE.CA)

The Farmer Wellness Initiative provides Ontario farms with mental health support by offering free unlimited counselling for farmers, farm workers and their families, specific to the unique challenges that can be experienced by the agricultural community.

1-866-267-6255

## How it Works:

**Step 1** – When you call the line, you'll go through a brief intake process. You'll be asked your name, where you live and why you're calling. (Note: if you're in crisis, you'll be directed to immediate support.)

**Step 2** – Within a week, you'll be connected to a counsellor that you can see on an ongoing basis by phone, video, or in person (based on availability). The mental health professionals who provide counselling are ag-informed to best serve the community.

**Step 3** – Engage in counselling for as long as you need. Sessions are free and unlimited. Finding the right counsellor is important. If you'd like to be matched with someone new, you can call the line back and be matched with someone who may be a better fit – no questions asked.

## What you need to know:

### ELIGIBILITY

Ontario-based farmers, farm workers and their families (spouses, partners, children, dependents). This includes family members involved in the operation of the farm. Note: callers must be 16 years or older. Youth between the ages of 12-15 may utilize the service with parental consent.

All information received through counselling sessions is confidential and in accordance with the Personal Health Information Protection Act (2004).

### PRIVACY

### COST

Free! There is no cost for this service, and the number of sessions is unlimited.

### ACCESSIBILITY

Operated by TELUS Health, you can call 1-866-267-6255, 24 hours a day, 7 days a week, 365 days a year. Available in both English and French.
